## **Blood Line: An Anna Travis Novel (Anna Travis Series)** Lynda La Plante

Award-winning and international bestselling author Lynda La Plante brings back her popular series character, London Detective Chief Inspector Anna Travis of the Murder Squad, to work a seventh case in *Blood Line*. La Plante, who bestselling crime fiction author Karin Slaughter (*Blindsided*) says “practically invented the thriller,” is best known for her Prime Suspect novels, the basis for the wildly popular BBC series starring Helen Mirren and a recent U.S. incarnation featuring Maria Bello. In *Blood Line*, Anna takes on a high profile missing person investigation which might well develop into the hunt for a murderer, especially when a pool of blood is discovered but no body. Crime fiction fans who appreciate a good cop and a good murder—especially Ian Rankin, Ruth Rendell, Elizabeth George, Peter Robinson, and Val McDermid readers—will be eagerly following the trail of evidence every step of the way.
