Tina Martin grew up in the slums of Atlantic City, New Jersey. She was known for her beautiful green eyes and as a child she adopted the nickname Green Eyes. Some would've thought that her beauty would've gotten her the red carpet treatment and made her the envy of all women, but that wasn't the case for Tina. In fact, those green eyes became the very weapon that created her and her sister Shelby Martin's demise after a robbery they planned fell apart at the seams.

By all accounts, Tina tried everything within her power to change the odds that were stacked against them, but unfortunately nothing worked. And in the end, everyone involved either found themselves in hand cuffs or placed in body bags.
