Introduction to International Relations: Theories and Approaches

Robert Jackson, Georg Sørensen

Introduction to International Relations: Theories and Approaches Robert Jackson, Georg Sørensen
Combining incisive and original analysis with numerous pedagogical features, *Introduction to International Relations: Theories and Approaches*, Fifth Edition, offers a highly readable and systematic introduction to the principal theories in international relations. Authors Robert Jackson and Georg Sørensen carefully explain how various theories organize and shape our view of the world, providing students with a perspective that integrates theory and practice.

Updated in light of current international events and ongoing debates in the subject, the fifth edition features:

- * A new structure that guides students through developments in IR theory, from classical views to contemporary approaches and debates
- * A new chapter on feminism, post-structuralism, and post-colonialism
- * An updated Companion Website featuring resources for students (case studies, review questions, links, a flashcard glossary, and links to Oxford Scholarship Online) and text boxes from the book for instructors
