Theological Literacy in the Twenty-First Century

Theological Literacy in the Twenty-First Century

This volume presents a compendium of different perspectives by leading theological educators on what constitutes theological literacy in the twenty-first century. Structured around the key emphases that have shaped a traditional curriculum in theological education, these insightful essays explore the nature of theology, theology and institutional expression, the practice of hermeneutics in today's context, the rhetoric of theology, and the future of theological education. Throughout their essays, the contributors specifically address or draw from a wide range of confessional stances, making this book valuable to readers from every church tradition.
