Teachings From A Child (Volume 1) Hal E Caplan

This delightful collection of essays is about a father, his young son, the "teacher," and life's lessons learned and remembered. These heart-warming, humorous and adventurous tales will draw you in keeping you laughing, smiling and thinking as you recognize some of your own children's responses. As parents we teach our children right from wrong, good from bad, and so on; but who really is the teacher, the adult or the child? Children are innocent, they don't judge, and they are generally excited about what tomorrow may bring. As adults faced with life's challenges, most of us have lost sight of the lessons we were taught as children. This book gives you a fresh perspective on those lessons while bringing a new smile or tear with each story.
