A History of the Christian Church (Classic Reprint) Williston Walker

In this history the writer has endeavored to treat the vast field of the story of the church so as to make evident, as far as he is able, the circumstances of its origin, its early development, the changes which led to the Reformation, as well as the course of that tremendous upheaval, and those influences which have resulted in the present situation and tendencies of the life of the church. As far as space would permit he has directed attention to the growth of doctrine and the modification of Christian thought. He is under obligation to many who have labored in this field before him, but he would express special indebtedness to Professor Friedrich Loofs, of Halle, whose *Leitfaden zum Studium der Dogmengeschichte* has been specially helpful in the treatment of Christian thought; and to Professor Gustav Kruger, of Giessen, and his associates, whose *Handbuch der Kirchengeschichte* is a mine of recent bibliographical information. Williston Walker.
