Do you want to feel better, more successful, and be a better parent, spouse, or friend? Then maybe you should read Frank's book. It might change your life. Grace takes religion and psychotherapy away from the experts, and gives them back to you, where they belong. That's what Jesus did to begin with; that's what Grace does now. Grace turns most church teachings inside out, putting you in the driver's seat, letting you experience the miracles promised by the New Testament not in a supernatural way, but biologically. It's a way to put zest and enthusiasm in your life! Grace offers step by step instructions on how to pray effectively, and what happens when you do. You'll learn THE WAY as Jesus taught it a real lesson in biology. Grace is not easy as pie or pie in the sky when you die. Grace is work, hard work, but the satisfaction it brings will astonish you. Grace is the scientific application of the three teachings of Jesus-Love, Honesty, and Nonjudgment. Give it a try and see for yourself. The experience of true Grace is more than worth the effort.
