How to Draw Manga: The Complete Beginners Guide to Mastering the Art of Drawing Manga is a simple and easy-to-follow book that presents a comprehensive system that will allow even a beginner to create their very own manga that follows most of the standard conventions of the genre.

Learning how to draw manga books has truly never been simpler – the author walks you through the entire creative process, starting with developing a plot, creating characters, fleshing them out with the appropriate traits, and of course a wealth of information related to the actual manga drawing itself.

Properly creating your characters is essential to mastering manga, and the book details all of the core parts of the process. You'll learn about blood type, astrological significance and birth dates, and the MBTI technique, all of which will help you to create believable characters to build your stories around.

The book also includes an incredible amount of information on how to draw manga characters. The typical form and anatomy of both male and female characters is addressed, as well as other artistic concepts such as body proportion and facial expression.

Special attention is paid to educating the reader on the proper techniques for drawing facial features manga style. Getting the look of the eyes, nose, mouth, hands, and hair all just so is absolutely integral to truly mastering manga, and this book provides you a multitude of techniques that will help you master this critical details.

After the reader has a solid grasp on plot, back story, character creation and traits, and how to draw them, additional sections of the book deal with setting and extra detail you'll often have to draw in manga books and settings.

There is a section devoted specifically to clothing that details the secrets of getting their outfits drawn just right. There are also sections devoted to drawing figures in motion versus figures at rest – you'll learn exactly how to properly employ speed lines and other special effects on these chapters.

The final sections of the book deal with the finishing touches; primarily coloring and detailing of your manga, though there are other final considerations to polish as well. Once you've worked your way through this book, you'll have an extremely firm grasp on the entire process of how to draw manga, from beginning to post-production finish.

So if you or someone you know is interested in the manga style and interested in learning how to draw it themselves, pick up a copy of this book for them. You'll have a hard time finding a more comprehensive and complete guide that can quickly and easily teach people how to properly create and draw manga characters.
