You're just wasting your time and drilling dangerous moves that might very well send you to your early grave! To make matters worse, regular martial arts never take the time to teach you how to deal with the fear of a confrontation. As a result, when you finally get into a heated argument, you end up “losing it” despite your years of training! You end up like a little child who's about to get his butt spanked!

You need to read this book if you want to **learn how to handle any adversary quickly and effectively**.  
**You need to read this book if you want to tame your fears and not let them control you.**

No matter your background, this book will take you by the hand and show you how to train to become as dangerous with your fists as if you had bricks attached to them!
