The Billionaire's Mail Order Bride

Darren Crowley has been vilified by the media! This billionaire playboy can never seem to have an interview without someone misinterpreting his statements and creating a media scandal. Now everyone thinks he's a racist and he's quickly becoming an embarrassment to the family name. But he comes up with a great idea—start dating a black woman and make the rumors go away.

Of course, as Darren always seems to do, he takes things too far after partying hard and ends up ordering a mail order bride from Africa. However, he gets more than he bargained for when he meets Kacie, an intelligent strong woman who challenges his views on life. Sparks fly when Darren realizes just how smart Kacie is, and that he really can get hot and excited for a strong black woman—in fact, it's a magnetic passion he's never felt before! The Billionaire's Mail Order Bride is a romantic interracial BWWM story that will leave you breathless.

Biggers corporation thought that they could run roughshod over those smaller ones that were struggling to make ends meet. They would sweep in and try to merge with that company and would always have a trick up their sleeve. She was the one that those little guys came to make sure that their interests were as important as the corporations. She didn't have time for a love life. Most people took her for a ball buster that wouldn't take crap from anybody. Her friends knew her to be caring, but she could have an attitude that gives those around her a moment of pause.

It appears that she has met her match with Toby Young. He's just as opinionated and he tends to like things done his own way. He doesn't even know what he's coming up against when he meets Vivian. He finds her too intoxicating to walk away from. Will his interest in her get in between what he believes is a good business practice? Will she allow him to get one over on her clients, or will she stop him in his tracks?
