Xavier (Men of Steel) (Volume 4) MJ Fields

Twenty three year old Xavier is out to prove his independence to his brothers and Momma Joe. Needing a change Xavier Steel decided to plant his feet in the Jersey sand and start a production company allowing him the ability to re acquaint himself with his true passion in life and make a living doing what he loved, playing and creating music. Taelyn Patrick is offered an opportunity to make much needed extra money. The hours would be grueling, but she doesn't care. She needs the money to help her fiancé' Daniel. Daniel and Taelyn had lived together and went to the same college when he was accepted into the medical program at Harvard. Together they made the decision to live separately until Taelyn finished her internship and graduated from college. They had looked at several apartments near Harvard together and fell in love with one. Supporting two households would be a huge financial burden but they knew the apartment would be gone if they waited until she graduated; when they would reunited and again live together. Taelyn was offered an opportunity she could not afford to turn down. She wasn't looking forward to helping a spoiled kid start a production company that she was sure would fail. She was less enthusiastic when his mother, her boss, asked that she be available at all times. Josephina explained that she was worried about woman taking advantage of her son financially and damage his kind heart. Can Xavier curb his sexual appetite and become a responsible young man? Or will he find himself in bed with women who will do whatever they have to for there own financial gain?
