Introduction

To all young Artists, Aspiring Artist, and Artist who need to learn new ways or technique of drawing, this book is for you. If you're a person that find Reptiles fascinating, I promise that you will never get bored, when you learn how to draw and render them, and even if you're not, after you learn to draw them, you will have a new understanding about reptiles, with their extra ordinary texture of their surface scales. As we know reptiles are cold blooded and divided to subgroups, like crocodiles and alligators, tortoises and turtles, snakes and lizards and the tuataras (has a resemblance of a lizard, differ on their texture as they have spiky scales like a prehistoric dinosaur). They lay their eggs on land or others carry it with them. Other people like reptiles too much that, they have one as pet in their home.

This book will teach you step-by-step with Illustrations, so that you will see the exact way how I draw them with pencils; also you will be guided along the way, to detail a specific texture or shade areas we need to focus. The only things you need aside from what I mentioned. Are your focus, perseverance and dedication to succeed in doing portraits of reptiles.

So sit on your comfortable chair and place your drawing paper on the table and let's begin.
