Prescriber's Guide: Stahl's Essential Psychopharmacology (Stahl's Essential Psychopharmacology(PPR)) Stephen M. Stahl

With the range of psychotropic drugs expanding and the usages of existing medications diversifying, we are pleased to present this very latest edition of what has become the indispensable formulary in psychopharmacology. This new edition features 16 added new drugs, including six fresh-to-market critical new compounds, and several older drugs for which there are proven and useful applications. In addition, many important new indications are covered for existing drugs, as are updates to the profiles of the entire content and collection. With its easy-to-use, template-driven navigation system, The Prescriber's Guide combines evidence-based data with clinically informed advice to support everyone prescribing in the field of mental health.
