Excerpt from Housekeeping in Old Virginia: Containing Contributions From Two Hundred and Fifty of Virginia's Noted Housewives, Distinguished for Their Skill in the Culinary Art and Other Branches of Domestic Economy

Virginia, or the Old Dominion, as her children delight to call her, has always been famed for the style of her living. Taught by the example of her royal colonial governors, and the numerous adherents of King Charles, who brought hither in their exile the graces and luxuriousness of his brilliant court, she became noted among the colonies for the princely hospitality of her people and for the beauty and richness of their living. But when at length her great son in the House of Burgesses sounded the cry of war, and her people made haste to gird themselves for the long struggle, her daughters, not to be outdone either in services or patriotism, set about at once the inauguration of a plan of rigid retrenchment and reform in the domestic economy, while at the same time exhibiting to their sisters a noble example of devotion and self-sacrifice.
