Wake Up! The Universe is Speaking to You, A Spiritual book written about how to use Universal Energy to change your life. What if you were given the ability to change your life for the better; to create what you want for yourself? Most people are not aware that God has blessed us with the energy to design the lives we desire. All you need to do is pay attention to what the Universe is showing you. Wake Up! You can tap into the Universal Energy to enhance your love life, your career; anything that you wish. This energy was created for our use and its free! I was in my thirties when I recognized the Universal Energy and how to use it for my benefit. I explain in this book that there is an entire realm of energy here on earth for us to access; the energy that God intended for us to use. I take you on my personal journey so that you may see firsthand how I acquired this knowledge. As a professional business woman and a single mother of two, I had no choice but to pay attention to what the Universe was revealing to me. Intuitively, I understood and began absorbing these principles. Now I share with you what I have been blessed to learn. My wish is that these Universal laws will change many lives for the better. The fact that you are reading this information now about the Universal Energy means that you are meant to benefit from the Universal Energy. I am excited to share this information and wish you love and prosperity! And may God bless you with his energy. Today Nancy is happily married with three grandchildren. She travels with her husband who is an electrical contractor. She continues her energy work as an Inspirational Speaker an Intuitive and Spiritual Adviser. Here are some quotes from the book; Wake Up! The Universe is Speaking to You, From Chapter 1, Before I realized that God had orchestrated the universe in this manner, I was under the delusion that I held the power to determine what occurred around me. I believed that I was smart enough to control everything in my world. I learned after many trials and much error that we are not in control of anything. God, our creator is. This was a real wake up call for me especially since I was such a control freak. What I have come to realize is that energy and how it affects our everyday life seems to go unnoticed by most of us. I think, as a society, we have not been taught to recognize that positive and negative energy exists, let alone the fact that energy has a huge impact on our everyday existence. I have been fortunate to learn about Universal Energy and the effects it has on us. Once I began to recognize this fact I became aware that I could change my life for the better. What I have learned is that energy is power. This power is here for us to use. Whether we use it for good or for evil is entirely up to us. Spiritual energy is spoken about in the Bible many times so I refer to scriptures from one of the oldest books on the planet to give you a clear understanding of how the energy was intended to work for us. Colossians 1:28,29 He is the one we proclaim, admonishing and teaching everyone with all wisdom, so that we may present everyone fully mature in Christ. To this end I strenuously contend with all the energy Christ so powerfully works in me. The lesson is simple: if you want love you must give the energy of love! The Universe knows when you are giving out love vibrations and in turn rewards you with love. God has engineered it that way. Have you ever heard the saying " You only get what you give? Giving love start the love energy flowing out into the Universe and return back to you tenfold. Chapter 15, The Energy of Love.
