Advanced Nursing Research: From Theory to Practice Ruth M. Tappen

Written by an active nurse researcher, this graduate-level text takes a practical approach to preparing research proposals and carrying out research studies. It moves the reader through the entire process of conducting a research study from selecting a topic to publishing the results and discusses both theoretical and practical considerations in conducting a study. Advanced Nursing Research: From Theory to Practice uses real life examples to address topics such as sampling, participant recruitment, data collection, presenting research, and a career in research.
