This book is written for all of the up and coming aspiring day traders and investors who are trying to figure out if this business is for them or not. By the time you are reading the first few pages of this book you will know what is in store for you in the business of making money with money and if you want to do it or not. Investing and trading is the best business in the world as far as I am concerned. It is the only business I know of where you can be at the beach on a beautiful sunny day or scuba diving or flying to Europe for the weekend to meet up with friends and still be making money the whole time you're doing it. You don't need a job you need an income and trading is the only business I know of where you can be anywhere in the world you choose to be day or night and having the chance to make money. Isn't that the type of business you would like to be in? No other business in the world other than trading allows you to work at your own pace and make an unlimited amount of money any time you want. A brand new trader with no experience can read this book and depending on how fast they can grasp the concepts and learn them can be making an income for themselves in as little as 30 days to 6 months. The information in this book can put you on the fast track to making money right away. It is my goal in this book to give you the information that can help you right from the start of your new trading business the first day. It is so important for traders to start out right from the beginning because the outcome of not having done so is very expensive and no one likes to or wants to lose money. Unfortunately brand new investors and traders tend to lose almost all of their money on their first try in the markets. Don't be that trader! By the time you have completed reading this book you will know the biggest mistakes new traders make, the first things to study when you are brand new that can make you money right away, how and where to go to get more information. Wishing you a profitable day! Christo Ricardo
