Do you want to enhance your life by using magic to tap into the unbound power of the Universe? If so, you're in the right place. Wiccans and other Witches have long known that candles are a great tool for performing magic. Perhaps one of the oldest magical arts, candle magic is also the easiest and most simple form of magic for beginners to learn. This makes it the ideal starting point for anyone looking to start practicing Witchcraft. But, whether you're Wiccan, Witch, or just curious about magic, you are more than welcome here!

### Learn the Principles of Magic

Magic works because of a number of Hermetic Principles: by putting strong positive intentions out into the Universe, you can influence things on a higher plane of existence. In time, these changes will manifest themselves on the material plane -- the world that you and I both live. In other words, magic is a way to harness the unseen energy of the Universe into particular thoughtforms that work to effect a change in the physical world. And, if magic is the art of sending a particular thought into a higher plane to be manifested, candles make for particularly helpful "messengers!" This might all sound rather complex, but we'll be exploring these principles in detail throughout this book to give you a solid grounding in candle magic.
