North American Hummingbirds: An Identification Guide

George C. West

North American Hummingbirds: An Identification Guide George C. West

Designed to help birders and banders identify, age, and sex all seventeen species of hummingbirds found in North America, this is the only identification guide devoted entirely to hummingbirds that includes up-close, easy-to-use illustrations. It also provides information on the eight species that have been reported but rarely seen in North America.

On first viewing hummingbirds are often a blur of fast-moving color. However, when they perch and hover they can be observed, and the size, shape, and color; the proportions of the body, bill, throat, and tail; the wing feather pattern; and the birds' behavior are crucial to accurate identification. The author's concise descriptions and illustrations pinpoint all these features in clear, jargon-free language. Anyone who loves hummingbirds will welcome the information he provides.

From reader reviews:

Stuart Ross:

Book is actually written, printed, or outlined for everything. You can recognize everything you want by a e-book. Book has a different type. As we know that book is important issue to bring us around the world. Next to that you can your reading proficiency was fluently. A publication North American Hummingbirds: An Identification Guide will make you to become smarter. You can feel more confidence if you can know about every little thing. But some of you think in which open or reading a new book make you bored. It is not necessarily make you fun. Why they might be thought like that? Have you trying to find best book or acceptable book with you?

Terri Root:

Are you kind of occupied person, only have 10 or 15 minute in your moment to upgrading your mind talent or thinking skill perhaps analytical thinking? Then you are having problem with the book as compared to can satisfy your short space of time to read it because all of this time you only find book that need more time to be study. North American Hummingbirds: An Identification Guide can be your answer mainly because it can be read by you actually who have those short extra time problems.

Sergio Espinoza:

That book can make you to feel relax. This particular book North American Hummingbirds: An Identification Guide was vibrant and of course has pictures on there. As we know that book North American Hummingbirds: An Identification Guide has many kinds or genre. Start from kids until teenagers. For example Naruto or Investigator Conan you can read and feel that you are the character on there. Therefore not at all of book are make you bored, any it offers up you feel happy, fun and chill out. Try to choose the best book for yourself and try to like reading which.

Latonya Sams:

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some publication, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the professor want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that studying is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this North American Hummingbirds: An Identification Guide can make you experience more interested to read.
