Social Learning Theory and the Explanation of Crime (Advances in Criminological Theory)

Social Learning Theory and the Explanation of Crime (Advances in Criminological Theory)

Social learning theory has been called the dominant theory of crime and delinquency in the United States, yet it is often misrepresented. This latest volume in the distinguished Advances in Criminological Theory series explores the impact of this theory. Some equate it with differential association theory. Others depict it as little more than a micro-level appendage to cultural deviance theories. There have been earlier attempts to clarify the theory's unique features in comparison to other theories, and others have applied it to broader issues. These efforts are extended in this volume, which focuses on developing, applying, and testing the theory on a variety of criminal and delinquent behavior. It applies the theory to treatment and prevention, moving social learning into a global context for the twenty-first century.

This comprehensive volume includes the latest work, tests, and theoretical advances in social learning theory and will be particularly helpful to criminologists, sociologists, and psychologists. It may also be of interest to those concerned with current issues relating to delinquency, drug use/abuse, and drinking/alcohol abuse.

The particular book Social Learning Theory and the Explanation of Crime (Advances in Criminological Theory) has a lot associated with on it. So when you make sure to read this book you can get a lot of gain. The book was compiled by the very famous author. Tom makes some research just before write this book. That book very easy to read you can get the point easily after perusing this book.

Donna Valdez:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library or even make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Social Learning Theory and the Explanation of Crime (Advances in Criminological Theory) can make you feel more interested to read.
