**The Conscious Consultant: Mastering Change from the Inside Out** Kristine Quade, Renee M. Brown  
**Find out what it takes to become an effective consultant!**

In order to succeed as a change agent and consultant we must clarify our own purpose, motivation, and relationship with our careers. *The Conscious Consultant*--a book in **The Practicing Organization Development Series**--offers a much-needed road map and powerful tool that consultants can use to perform a personal assessment of foundational principles in order to achieve greater integrity and alignment with personal values and career. The book's **Active Change Model** creates an understanding of what it takes to become an effective consultant who practices wisdom by making conscious choices in a thoughtful and wholehearted manner, choices that will positively influence the work that is done with all clients.

"At last! A much-needed book primarily and effectively focused on the consultant's continuing quest for personal awareness--both looking deeply for one's true inner self and outward for that self in relation to clients. I do strongly agree with the author's basic thesis that we cannot expect our clients to embrace change unless we personally embrace it ourselves."

--**Bob Tannenbaum**, emeritus professor of the development of human systems, Anderson Graduate School of Management, UCLA, and recipient of the Lifetime Achievement Award from the National OD Network
