The Book of Dragon: Dragon and Issola (Vlad) Steven Brust

The first seven of Steven Brust's Vlad Taltos fantasy novels have long been in print from Ace Books in a set of three trade paperback omnibuses. Now Tor, publisher of the series from book eight on, continues the series of omnibuses with *The Book of Dragon*, which includes *Dragon* and *Issola*.

In *Dragon*, Vlad finds himself in the last place any self-respecting assassin wants to be: the army. Worse, he's in the middle of an apocalyptic battle between two sorcerous armies, and everyone expects him to perform a role that they won't explain. Vlad may kill people for a living, but this is ridiculous. All he's got to rely on are his wits...and a smart-mouthed winged lizard.

In *Issola*, Vlad's aristocratic friends Morrolan and Alieria have disappeared, and according to the eldritch (but affable) Sethra Lavode, they may be in the hands of the Jenoine?the mysterious beings who made the world of the Dragaera Empire and its surroundings, and who may have come from somewhere else. Oh, well, what's life without the occasional cosmic battle with beings who control time and space?
