The Vital Few Natural Laws: Powering the 80/20 Methodology in Business Pedro N Ferro

The Vital Few Natural Laws will provide you with the thinking and the tools to deploy the powerful 80/20-business improvement process in your organization. The methodology is based on four natural laws, which have great influence on your daily efforts and results: the law of the vital few and the trivial many (the Pareto rule), the law of simplicity, the law of fractal behavior and the law of evolution. The book also proposes practical ways for harnessing the positive effects of these natural laws to your advantage, and explains how to apply the 80/20 process in companies of different sizes. With a strong manufacturing focus, the ideas and tools are largely applicable in a variety of organizations.
