Ethical Issues in Palliative Care Pat Webb

Palliative care is now not just about the end stage of diseases like cancer and motor-neuron disease, but includes all illnesses that are currently non-curable and life-limiting. Because of these changes in the specialty a whole range of new ethical issues have occurred and will continue to do so. This book brings together the knowledge and experience of a diverse team of professionals. The second edition has been completely revised and updated by the original authors and also contains fresh contributions from new authors. It gives the reader a thorough grounding on ethical issues in palliative care, whilst acting as a springboard for further discussion, research and contemplation. Theoretical discussion leads on to practical components and a section on teaching palliative care. Ethical Issues in Palliative Care is a vital reference for all medical and healthcare professionals who care for dying patients and especially those who work in palliative care. It is also useful for students, those involved in spiritual or pastoral care, members of ethics committees and policy makers and shapers.
