The reading companion for Sylvia Day's New York Times bestseller Bared To You from comedy blog Bad Books, Good Times. We read the first novel in the erotic Crossfire series and now you can enjoy it without having to read it - because, trust us, you wouldn't have enjoyed it if you read it. Join us as we read, criticize, mock, and tear the novel to pieces chapter-by-chapter, because we read it so you won't have to.

You do not need to be familiar at all with Bared To You (or Bad Books, Good Times) to enjoy this eBook! If you read it and hated it, this is the book for you. If you've heard about it but don't want to actually read it, this is the book for you. If you want to read it alongside two other people (in spirit) and make fun of it as you read it, this is the book for you. If you would not consider yourself a "mature audience", this is probably not the book for you.

This eBook contains both Ariel and Matthew's blog posts reviewing and making fun of every chapter of Bared To You (originally posted from November 2012 through April 2013).
