## **Brian Froud's Faeries' Tales** Brian Froud, Wendy Froud

Following in the footsteps of *Trolls*, Brian and Wendy Froud lead readers deep into the world of faeries. Humans throughout history have always had special relationships and bonds with faeries, whether loving and helpful or at times destructive. This new book explores that complex relationship and the liminal state between the human and faery world where interaction occurs.

In *Brian Froud's Faeries' Tales*, readers encounter individual faeries, each with a story to uncover, as told by the faeries themselves. Many of the stories are familiar to humans, but the “true” story is told by the faeries. Similar to the *Trolls* fragments, the faeries' tales are coupled with portraits and interspersed with drawings and studies of the mysterious and enchanting folk who travel back and forth between the human world and theirs.
